

Introducing the Toshiba Strata CIX40

The Only Choice for the Branch Office / Small Office!

Toshiba has packed all the leading-edge features of its Strata CIX communications system into one compact, affordable model: the CIX40. IP telephony and Unified Messaging are just a few of the features now available on a competitive platform for the small office, home office or branch office.

POWERFUL STRATA CIX40 CAPABILITIES:

- Compact, wall-mount, modular design
- Supports all current digital and IP telephone models
- IP channels (8) for
 - IP telephone connections and/or
 - IP Strata Net voice networking
- Digital telephone ports (8-16)
- CO lines with Caller ID (3-6)
- Analog station ports (1-2)
- Voice Mail and Auto Attendant
- Add advanced applications such as
 - Unified Messaging
 - Call Center ACD and Reporting
 - CRM integration
 - Voice Logging
 - Web-based Administration
 - FeatureFlex feature customization

The Strata CIX40 was designed with the small office or branch office in mind. Some of the settings in which it will be most effective are:

- **Branch Offices.** Medium and large business with offices distributed across the city or the country can now include everyone in a single voice network sharing a voice mail system, connections to the public switched network, receptionists and many other functions. The CIX40 can provide survivability and satisfy unique E911 issues in small remote locations of an IP enterprise network.
- **Small Professional Practices.** Lawyers and other professionals in small offices need to spend as much of their time away from the office as do their colleagues from larger firms. They can maintain their competitiveness and enhance productivity with remote IP phones and Unified Messaging that can deliver voice mail and faxes to any location with Internet access.
- **Retail Chains.** The Strata CIX40 can share the same Wide Area Network that links inventories and point-of-sale terminals to provide seamless voice communications between stores, corporate headquarters and logistics facilities.

CIX40 SPECIFICATIONS

Capacities	
Loop Start CO Lines with Caller ID	6
Digital Telephones	16
Voice Mail Ports	2 or 4
Standard Telephone Ports	2
IP Channels	8
Serial Interfaces	4
Dimensions	
Width	12.2"
Height	17.7"
Depth	3.5"
Weight	6.6#
Chassis Installation	Wall Mount
Power	
Power Supply	Built-in
Input Voltage	90-264 VAC
Input Current	0.5A Max
Power Failure Backup (Optional)	2 Hr.
Environment	
Operating Temperature	0 - 40° C
Operating Humidity	20 - 80%
Storage Temperature	-20 - 60° C
Regulation	
Safety	UL60950-1
EMC	FCC Part 15 Class A
ACTA/FCC Part 68	CJ6MF03BDTCHS40 (Multi-function) CJ6 KD03BDTCHS40 (Key)
IP Telephone Compatibility	Toshiba MEGACO+ models: <ul style="list-style-type: none"> • IPT2010-SD full-duplex speakerphone with 10 buttons and 2-line x 24-character LCD. • IPT2020-SD full-duplex speakerphone with 20 buttons and 2-line x 24-character LCD. • IPT2008-SDL full-duplex speakerphone with 8 buttons and large 144 x 128 pixel display with HTML support. Uniden UIP 200 SIP Telephone.
802.3af Power-over-Ethernet (POE)	Compliant (Toshiba IPT2xxx models)
Digital Telephone Compatibility	Toshiba 3200-Series models: <ul style="list-style-type: none"> • DKT3201 single-line telephone. • DKT3210-S speakerphone with 10 buttons. • DKT3220-S speakerphone with 20 buttons. • DKT3207- SD speakerphone with 7 buttons and 2-line x 24-character LCD. • DKT3210-SD speakerphone with 10 buttons and 2-line x 24-character LCD. • DKT3220-SD speakerphone with 20 buttons and 2-line x 24-character LCD. • DKT3214-SDL speakerphone with 14 buttons and 8-line x 24-character LCD.
